

Zoom with KS1 parents

Friday 18th September 2020

- *communication needs to be succinct – there is a lot of information that sometimes gets lost in emails!
- *more forward thinking with regard to some dates, for example the flu letter that was shared with parents
- *liked the style of the newsletter
- *parents would like to see more photos of the children on their class pages please (staff can add a gallery)
- *Parents liked the idea of a designated day across the school for homework
- *parents thought it would be useful if there was an opportunity for them to comment on how their child found the homework
- *tricky words were sent home but parents weren't sure what to do with them-please provide instructions
- *in Key stage 2 how long should a child read for?
- *parents liked the new website but isn't user friendly for some mobile phones
- *suggested section on Parent Helpers on the website-raise the profile of parent helpers
- *school to ask parents about trips and being helpers-raise the profile so when there is a school trip, there is a list of willing parents available
- *Parents are willing to cut out, stick, laminate at home so long as we give them the resources
